

Welcome Onboard

Let's Get You Started...

Core Services Engineering and Operations

Dear Colleague,

A Warm Welcome! We, the **Global Support Team**, would like to take this opportunity to wish you a great and exciting start in your role with Microsoft!

To help you get comfortable, this smart guide will help you get started with essential setup, hassle free. Details of various services are available here necessary for your smooth onboarding and journey thereafter.

Get Set Go

Right from setting up your computer, connecting to a printer, finding out how Skype for Business works to learning how to connect to the corporate network from home or any remote location, using Outlook Web Access to check email, or connecting wirelessly, get all the information you want from here. [First Things First>>>](#)

Security is paramount

The [Self Service Password Management](#) site allows all Microsoft employees to reset their corporate domain or network password from anywhere via the web by using their smart card or their phone! You'd certainly want to bookmark this 

Work Smart @ Microsoft

Learn how to get things done faster and more efficiently so that you can focus on what's important. Work Smart sessions help you acquire greater skills and productivity at work by creating awareness about various Microsoft products and services that you can use to do your best work. [Experience WorkSmart@Microsoft](#)

Reach Out, We're Listening

Help will be given to those who ask for it! Be it workstation related, audio visual glitches, generic queries or technical questions, we have set up various channels to get your grievances addressed. Click to access the NEO deck for your respective locations [here](#)

Once again, Welcome to Microsoft!
